

BECKY

They could take delivery almost right away. And if you choose the "Top Flight" package on each car, they can add any extras they might want.

WALTER

Good. Let's do that.

BECKY

Okay ---

The calculator spits out a very long piece of paper -- BECKY rips it off -- and hands it to WALTER.

BECKY (cont'd)

--- your cost for nine of these cars, taxes, title and fees comes to this number right here.

WALTER looks at the number for a long moment. Then: he looks up into BECKY'S eyes.

WALTER

You still wear your ring. I do, too. I thought about leaving it with Sheila -- having it buried with her ...
(touching his ring)

It was my daughter who told me to hold onto it. That it would be a nice reminder.

(beat)

I see you've done the same.

BECKY

Pardon?

WALTER

Kept your wedding ring.

BECKY

Well -- yes.

WALTER

It's lovely.

BECKY

Thank you -- yes, I wear it because, I mean ---

WALTER

Was he a good man? Was he kind to you?

BECKY

Yes -- he was -- *is* -- I mean, he still *is*.

WALTER

Oh, I know the feeling ---

BECKY

He's still with me -- we're still together ---

WALTER

Exactly -- that's what I tell people, too ---

BECKY

No, you ---

WALTER

--- it's like she's still with me, right by my side,
guiding me through my days ---

BECKY

Yes, but my husband is still ---

WALTER

--- and leading me here tonight. Leading me to you.
I'm Walter. And you are ...

*She says nothing. He lifts one of
her business cards from the desk.*

WALTER (cont'd)

(reads)

... Rebecca.

He extends his hand.

WALTER (cont'd)

I'm sorry for your loss, Rebecca.

BECKY

You don't understand ---

WALTER

I like that name: Rebecca. It has substance. Ballast.
I hope you don't let people call you "Becky."

BECKY

Well ---

WALTER

"Becky" is the name of a dull housewife in a sad movie
about a poor family struggling to hold onto their
vanishing hopes and dreams. In the movies, a "Becky"
always gets the shaft.

Pause.
